Watch this page come...

ALIVE!

See the Tyrannosaurus Rex walk!

Welcome to the UK's first interactive newspaper page!
 By downloading the free app you can bring this page to life and experience your local paper in a way you never thought would be possible. We will be printing a different dinosaur every week for the next five weeks. Some of them fly, some of them run - all of them will amaze you. We'll be following our dinosaur series with some other amazing images, including planets and cars.

TYRANNOSAURUS REX

The most famous dinosaur of them all. The name comes from the Greek words meaning 'tyrant lizard', while the word 'rex' means 'king' in Latin

Did you know?

When a Tyrannosaurus Rex reached the age of 14 its body size would increase rapidly, putting on around 600kg a year over the next four years.

HEIGHT	13m tall
WEIGHT	Up to 7 tonnes
LIVED	66 million years ago
DIET	A meat-eater, it probably chased its prey and took huge bites of its flesh

NEXT WEEK...

VELOCIRAPTOR

The name Velociraptor means 'swift seizer'. This fast running, two legged dinosaur was about the size of a human. It probably killed its prey with the sickle shaped claws on its rear feet.

Did you know?

The first known Velociraptor fossil was found in the Gobi Desert in Asia in 1922

HEIGHT	0.5 metre tall and 2m long
WEIGHT	Up to 15kg
LIVED	73 million years ago
DIET	A fierce carnivore, it ate mainly small reptiles and amphibians

To bring this page to life follow these simple steps:

1. Search for KMi3d in either the Google Play or Apple store
2. Install the FREE app on your phone or tablet
3. Once it has downloaded, open the app, press start and hold your device over the dinosaur picture. You can then make him walk around, hear him roar or take a photo by pressing the camera button. You can then save the photo, or share it with your friends on social media. Remember to close the app when you have finished.

Win an iPad Air

Email your dinosaur pictures to whatsoneditor@thekmgroup.co.uk or use twitter.com/kmwhatson
